The University of Illinois Springfield is one of three campuses of the University of Illinois. Today, the more than 5,000 students enrolled are a mix of traditional residential students and full- and part-time nontraditional students - those who have transferred to UIS from other institutions; returned to finish a degree; or who are seeking advanced degrees, second degrees, or professional programs. In October 1999, UIS reached a milestone in its history when the Illinois Board of Higher Education unanimously approved the campus' four-year baccalaureate program, Capital Scholars. This program enrolled its first class of freshmen in Fall 2001. UIS admitted its first class of general admission freshman in addition to Capital Scholars Honors Freshman group starting Fall 2006. Students can pursue any of 52 University of Illinois degree programs, including 31 bachelor's degree programs. The average class is 15, with a student/faculty ratio of 15:1.

UIS' beautiful and spacious 746-acre campus is located on the southeast side of the capital city, near Lake Springfield. The campus is easily accessible via Interstates 55 and 72. UIS opened its Student Union in the Spring of 2018 and it has since become the focal point of campus and student life and is the heart of the university campus. Our students led the drive to bring the Student Union to campus because they realized how much it would enhance life on campus. More than 1,100 students live on campus and are encouraged to participate in our over 100 student clubs and organizations. UIS competes in NCAA Division II men's baseball, basketball, cross country, golf, soccer, tennis, and track/field, and women's basketball, cross country, golf, soccer, softball, tennis, track/field, and volleyball.
